

GERMAN POLISH

ENERGY SUMMIT

2025

NOVOTEL CENTRUM

Date

Target audience

POZNAŃ

06. November 2025

Experts, politicians, decision-makers and
enthusiasts involved in the energy transition

GERMAN POLISH

ENERGY SUMMIT

20 25

PROGRAMME

OVERVIEW

Start

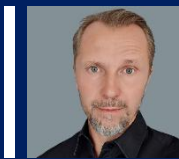

12:45

WELCOME

12:45

AND INTRODUCTION

by Thomas Hartwig, buildData and Andreas Jesse, WPP

KEYNOTE

12:55

ENVIRONMENTAL ASPECTS OF ONSHORE WIND ENERGY DEVELOPMENT

by Paweł Mickiewicz, dr hab. inż. prof. ZUT

LECTURE BLOCK 1

13:20

CHALLENGES IN DEVELOPMENT AND INVESTMENT

plus discussion

Coffee-Break

NETWORKING

LECTURE BLOCK 2

15:00

PLANNING and REALISATION

plus discussion

Espresso-Break

B2B / SPONSORS & PARTNERS

BLOCK 3

16:35

ENERGY POLICY in POLAND, GERMANY and EUROPE

Live ENERGY TALK

17:20

PANEL DISCUSSION

SUMMARY

17:50

OF THE DAY

End of conference

18:00

Start of the

19:00

NETWORKING EVENT

DINNER at PIZZERIA ROMA

GERMAN POLISH

PROGRAMME

BLOCK 1

MODERATION

LECTURE 1.1

LECTURE 1.2

LECTURE 1.3

DISCUSSION

ENERGY SUMMIT

20 25

IN DETAIL

CHALLENGES in DEVELOPMENT and INVESTMENT

dr **WOJCIECH SZTUBA**

Managing Partner and Tax Advisor at **TPA Poland**

Negative prices on the energy market and cable pooling regulations (in Poland and other EU countries)

Dr. **CHRISTIAN SCHNELL**, Partner and Co-Head of
Dentons Europe Energy Sector Group

Price Pressure and Volatility – Risks for Traditional Models, Opportunities for Storage

TIM STEINERT, European Power Market Services
at enervis energy advisors

Property tax in the field of renewable energies

MIKOŁAJ RATAJCZAK, Partner in the tax consulting
team, Tax Advisor at **TPA Poland**

Strategies for investors and developers

- PPA, flexible contract terms, intelligent storage
- Revenue stream planning / bankability
- CAPEX segregation, tax compliance etc.
- Grid connection limitations and current trends
(cable pooling, hybridization / storage)

GERMAN POLISH

PROGRAMME

BLOCK 2

MODERATION

BRIEF INTRODUCTION 2.1

LECTURE 2.2

LECTURE 2.3

DISCUSSION

ENERGY SUMMIT

20 25

IN DETAIL

PLANNING and REALISATION

THOMAS HARTWIG

President of HCE Design Group, Initiator buildData

Power grid expansion in Poland, Germany and the EU

Additions to the PSE presentation on Polish power grid expansion (January 2025) with regard to power grid expansion in Germany and the EU

Advantages and benefits of large battery energy storage systems for power grids *from the perspective of an energy storage manufacturer and service provider*

ELISABETH GIESEMANN, Senior Policy & Communication Associate at FLUENCE
(a Siemens and AES company)

Bridging practice and perspective: decision-support tool for energy infrastructure planning and the general, broader role of AI in energy sector Application for DSO and opportunities for AI in energy sector, such as failure predictions and weather forecasting for renewable energy sources

ARIEL OLEKSIK, Head of Energy Efficient ICT Department at PCSS (Poznańskie Centrum Superkomputerowo-Sieciowe)

Question and Answers

GERMAN POLISH

PROGRAMME

BLOCK 3

MODERATION

LECTURE 3.1

LECTURE 3.2

PANEL DISCUSSION

ENERGY SUMMIT

20 25

IN DETAIL

ENERGY POLICY in POLAND, GERMANY and EUROPE

MACIEJ SZAMBELAŃCZYK

Partner and co-head of energy practice at WKB Lawyers (Wierciński, Kwieciński, Baehr), Poznań

Act implementing the Renewable Energy Directive (RED III) for accelerated approval procedures for onshore wind energy in Germany
